

Core 3 Technologies Named in *Orange County Business Journal's* 2012 List of "Fastest-Growing Private Companies"

IRVINE, Calif. – Oct. 1, 2012 – Core 3 Technologies was ranked one of Orange County's "Fastest-Growing Private Companies" in the Oct. 1, 2012 issue of *Orange County Business Journal* (OCBJ). The Fastest-Growing Private Companies list includes businesses in Orange County that had annual sales of at least \$300,000 for 12 months through June 2010. In addition, this year's list required companies to show at least 15 percent growth in revenue for the 12 months through June of this year compared to the same period two years ago.

Core 3's overall revenue has seen a 213 percent increase over the past two years bringing their 2012 total revenue to \$13 million after earning a total of \$6.3 million in revenue the previous year. Since the company's launch in 2009, Core 3 has not only steadily grown its revenue but its employee base as well with 20 employees spanning bi-coastal distribution with locations in Irvine, Calif., and Whippany, N.J.

"Core 3 Technologies' success is based off the contributions of our high performing team," said Chris Bergen, co-founder and managing partner, Core 3 Technologies. "Surrounding ourselves with companies who share similar values has enabled our company to not only grow in revenue, but has nurtured the growth of a positive culture which has led to the success we see today."

Earlier this year Core 3 was also named as one of the 2012 Best Places to Work in Orange County by OCBJ.
